“ I would like to thank Jonothan from Bell Plumbing a gas for his professional service on the long weekend. Our hot water system broke late Saturday night and could not manage to secure a plumber to resource and install a new one which was a real problem as we had family visiting and had a house full of people. After a phone call with Bell Plumbing and Gas, Jonothan was over early Sunday morning and provided an obligation free quote and did not charge a call out fee. By that afternoon a new system was installed. Would recommend these guys to anyone that require any plumbing work. Exceptionally professional and friendly company :)
